Dear Students,

We appreciate your concerns and want to assure you that we have carefully considered all the points raised.

Please keep the following in mind while applying for 6<sup>th</sup> sem internship

- Some organizations may offer opportunities that are not genuine or credible.
- There are companies that might not provide a meaningful internship experience.
- Certain organizations may exploit students as a low-cost resource.
- Not all internships may lead to a Pre-Placement Offer (PPO).

With these considerations, our goal is to ensure that students are provided with credible and high-quality opportunities. To achieve this, we have outlined specific criteria. However, we remain open to exploring opportunities with other organizations, including startups, that offer valuable learning experiences.

As the Career Services Team, we are committed to conducting thorough due diligence for all companies, from startups to Tier 1 organizations, to ensure your best interests are protected.

Thank you for your understanding and support.

Please feel free to visit us at Career services center !

Regards,  
Neha

**Subject:** Policy : 6th semester internship : Please adhere

Dear Students,

Please take note of the following points to keep in mind while applying for your 6th-semester internship.

**Ensure that you strictly adhere to the rules outlined below.**

**1. Company Tier Requirement:**

- The internship must be with a company categorized as Tier 1 or Tier 2. Companies outside these categories will not be considered eligible for NOC approval.

**2. Stipend Criteria:**

- The stipend offered must not be less than 20000 INR per month. Internships offering lower stipends will not qualify for NOC issuance.

**3. Pre-Placement Offer (PPO) Provision:**

- The internship must have a provision for converting it into a Pre-Placement Offer (PPO). Internships lacking this opportunity will not be approved.

**4. Documentation Approval Process** for seeking internship on their own

1. All internship-related documents, including offer letters, must be **submitted to, and approved by the Career Services team**. Any documents not approved by the Career Services team will render the internship ineligible for NOC issuance.
2. **Consent from Parents:** Written consent /meeting with parents is mandatory.
3. **Personal Meeting with Company:** A meeting with the company, either virtually or physically (preferably in person), is required.

**5. NOC Issuance:**

- The NOC will only be issued if all the above conditions are met. Failure to comply with these prerequisites will result in the denial of the NOC, and the internship will not be considered as part of the academic requirement.

**Note:**

- Students who opt for the NOC will be eligible for a Package Enhancement Opportunity (PEO). Under this initiative, students have the potential to secure a compensation package that is up to twice the amount of the Pre-Placement Offer they received during their internship with the respective organization. All students are required to declare the PPO offer and it will be ratified by the Career Services Centre.
- Students are advised to carefully evaluate internship offers and comply with the above policies to avoid inconvenience or disqualification.

Regards,
